I OPPOSE THE DRAFT M.O.U. being proposed by the FDA. In particular,
I OBJECT to the definition of "inordinate amount" which restricts the availability
and the right to obtain medically necessary compounded medications by limiting
the number of prescriptions that can be shipped across state lines from specialized
compounding pharmacies.

COMMENTS:

I rely on prescriptions from
Madison Pharmacy Assoc groups to fill my doctor's
Rx to treat severe menopausal symptoms.
It's been effective - as I am unable to take
standard HRT. There is no in-state source
of this medication - which is compounded by triple-
B-trogen. If your restriction is enacted I will
have no source for obtaining
my medication, which I need badly.
